Binapani Educational and Welfare Trust for short Binapani Ashram gratefully acknowledges the financial assistance, amounting to Rs. 6,33, 135.00 , received in response to our application ,dated, 23 Nov,2016. The Kolkata based Regional Office of the SBI Life promptly processed the application for the said assistance and the cheque was handed over to the Chairman and the Founder Secretary of the Trust by the honourable MD of SBI Life, Sri Arijit Basu in presence of the officers and staff members of SBI Life. Binapani Ashram authority in its application prayed for financial assistance for three items, they are1. Solar powered underground water pump, 2. Sewing machines for Tailoring School for village based girls, 3. Computer aided Smart Class room. Ashram authority is pleased to announce that all three items have been success fully completed and extending services to the target population. Brief notes on the items follow:

**1. SOLAR UNDERGROUND WATER PUMP:** Thanks to SBI Life Insurance Co. Ltd. for promptly responding to our request for installation of Solar Submersible underground water lifting pump within the Binapani Ashram premises. The bore well is made 320 feet deep, capable of supplying 35000 litres of clean potable every day, from sunrise to sun set. The facility will provide drinking water to the Binapani Memorial Academy School and the Ashram hostel, accommodating 70 girls, plus 6 staff members. At present the total quantity of water used by the resident students, school students, staff members and also the amount used for irrigation purpose is lifted by solar power. The surplus water will be used for agricultural purpose for year the round vegetable production on the backyard of the Ashram. Moreover, the solar facility will reduce the present overhead electric power bill, born by the institution.. Thank you SBI Life for holding our hands in the hour of need. Total cost: Rs.4, 55,300.00

**2. Binapani Tailoring School:** In order to start a Tailoring School we procured 16 Singer sewing machines from Kolkata based Singer India out let. They are all foot machine except, two numbers, which are electrically operated advance designer machines. One class room has been put to use for the purpose of vocational studies. At present 6 village girls are enrolled as trainee students and more will be joining after the final examination of Class X standard. One Teacher/Instructor has been appointed for the school. Total Cost: Rs. 1, 04,969.00

**3. Computer aided Smart Class Room:** Computer aided class room is versatile assembly which thoroughly used as a educational tool for all students, from Nursery to Class XII standard. It offers audio-visual presentations of text which the teachers deliver as class

lectures. Students get concepts cleared with the audio-visual backup. The primary standard students share compulsory audio-visual period each day for viewing fairy tales, children's films or simply listen to nursery rhyme videos. Further, the computer aided equipment has its best use as an easy and simple way to learn and speak correct English which is of great demand today. Total cost (multimedia computer and flat television) : Rs.72,866.00
